

Consulting Expertise:

- Advanced Materials
- Chemicals & Polymers
- Energy & Engineering
- Industrial Products
- Life Science
- Nanotechnology

Alternative Energy Systems

Energy Storage Products

Power Generation Systems

Power Quality Products

Substation Products

Superconductors

Thermal Materials

Utility Software

Electronic Components

Environmental Products

Fluid Power Equipment

Process Control Systems

Optical Components

Recycling Systems

Sensors & Transducers

Telecommunication Products

Assignment Examples

ASSIGNMENT	LOCATION	TARGET	CLIENT INDUSTRY
Product Search	Global	Alternative power generation systems	Japan Engineering
Partner Search	Europe Asia	Chemical process equipment	USA Engineering
Product Search	Global	Electronic materials and devices	Europe Engineering
Market Intelligence	Global	Ultracapacitors Market Report	Japan Energy
Partner Search	Europe	Ultrasonic gas meter for power utilities	Europe Energy
Market Intelligence	USA	Power quality products and services market	Japan Energy
Market Intelligence	Global	Superconducting energy products	Europe Energy
Partner Search	Global	Nanomaterials for energy storage	USA Energy
Market Intelligence	USA	Homeland security market for x-ray inspection equipment and components	Japan Engineering
Partner Search	India Europe	Metal recycling technology	USA Engineering
Market Intelligence	USA Canada	Environmental Industry Market Report Solid Waste, Air Pollution, Water & Wastewater	Europe Environmental
Partner Search	Europe	Environmental remediation system companies	Europe Environmental
Market Intelligence	Global	Renewable Energy Market Report	Asia Energy
